## THE FARMER GOVERNMENT IS SWORN IN

## Premier Greenfield Has Named His Cabinet and Taken Up Reins of Power

Alexander Ross, minister of public works.

Herb Greenfield, premier, provincial treasurer and provincial secretary.

John Edward Brownlee, attorney-general.

George Hoadey, minister of agriculture.

Richard Gavin Rod, minister of municipalities and public health.

Tommy Earle Baker, minister of education.

Vernon Winfield Smith, minister of railways and telephones.

All the members of the new cabinet are of the Conservative party, and of them were born in Canada, and none are native Albertans. The new administration is expected to get a good start and taking hold of the affairs of state with a will.

The chronic problems of relief for parts of Southern Alberta are receiving their best attention. There is a general disposition among almost all members of the government to give the new government sympathetic co-operation.

### GRADE VIII. EXAMINATIONS

In addition to the large number of pupils in the city schools who have been granted standing on their Grade III work, the following have passed the Departmental examination:

Phyllis Botterill  
Donald George  
Ella Huss  
Laura Parry

Lawrence Prentice  
Owing to the unsatisfactory way in  
which the examination results are

lished, it is almost impossible to secure lists of the scholars that have passed from the surrounding district. The News will be glad to publish any such lists that may be supplied by the rural schools.

### THE REASON WHY

Tommy, aged six, had been out for a long walk, and on his return was speedily put to bed.  
Some time later his mother, going up to his bedroom, found that her fond offspring had gone off to sleep with his feet resting on that part of the bed intended for his head.  
She woke him, reprimanded him, and then demanded an explanation.  
"Two chubby little feet wiped the sleepiness from two little eyes, and then a plaintive voice replied:  
"But, mummy, my head wasn't tired, but my feet were."

### GOODS NOT RECEIVED

MacPherson (at the box office)—Will you kindly return me the amount I paid for amusement tax?  
Clerk—Why, sir?  
MacPherson—We wanna amused.

## FEARED SHE HAD HEART TROUBLE

Winnipeg Woman Felt at Times She Would Smother—Health Restored by Tablets

"I was told 'no medicine in the world could help me, but Tanlae did what seemed to me impossible, and I am feeling better than I have in many years,'" said Mrs. Walter J. Crowder, of 615 Rosedale Ave., Winnipeg, Man.

"About a year ago my health broke down completely and I had to take to my bed. I had a regular sleep of 11, and only after many weeks was I able even to do so much as sit up. Nothing I took gave me any strength and I just wasted away."

"I barely ate enough to keep alive, and what little I did eat caused great distress from acid stomach. Sometimes I felt like I would smother, and my heart would palpitate so I was afraid I had heart trouble. My husband paid no money in providing me with the best of treatments, but nothing benefited me, and as I said, I was told my case was beyond the reach of any medicine."

"Major Park's statement about what Tanlae did for him convinced me, so I gave it a trial. It was simply marvelous the way this medicine brought back my health and overcame all my troubles. I feel like a different woman, eat anything without fear of discomfort afterwards, and I have gained 25 pounds in weight. It is simply wonderful that a medicine could do so much good. My life is no more what it was than a bright sunny day is like a dark rainy one. I am a well and happy woman and it is all due to this grand medicine."

Tanlae is sold in Red Deer by the Gatz-Cornett Drug & Book Co. Ltd. and by leading druggists everywhere.

## IDLE THOUGHTS OF A BUSY FARMER

Some of my neighbors have been giving me the merry ha! ha! because I said "Commander-in-Chief" Woods would now assume command of the cheatin' U.F.A. They point out that the U.F.A. members elect have chosen their own Premier, and he is not Woods. That is O.K., but does not alter my opinion. Drury is Premier of the U.F.A. in Ontario, but does he command the cheatin' U.F.A.? Not by a jug full. J. J. Macdonald is the Commander-in-Chief. Occasionally at the start Drury would get fresh and shoot off a little on his own. Did I call him Drury? Oh, no, certainly not. He would at least own U.F.O. pieces or tea lights, and after outgassing Drury for his grand stand for the farmers, casually drop a few words as to the disastrous effects that might be caused by Drury's recent statements if—etc. After leaving the laconic to work a little, the different U.F.O. leaders would receive circulars asking them to memorize Drury on the wrong stand he had taken. It would work nice and slick, then Drury would come forth and say he said so and so, and it sounded like sense and such, but it didn't make sense at all, but some other thing, and peace would again reign. Drury knows how to get it from J. J. Macdonald, and any fire works. Who commands the cheatin' U.F.A.? Well, not the Premier. So we will have to wait for Woods, as head of the U.F.A., as far more power than Woods, Premier of Alberta would have. He has the U.F.A. political sheep herded and trained to run and jump at his word. As Premier would have to show respect to the wishes of the thousands who are not U.F.A. zealots. As President of the U.F.A., he can't back and use the well trained organization to force the hands of parliament for any hair-brained scheme he might fancy. Nothing like representation of the people, by the people, for the people.

In continuation of what I wrote last week about the U.F.A. in politics, I hear many people calling the cheatin' U.F.A. in power "The Farmers' Party." It is no such thing. It does not represent the farmers at all. A party should be the political organization of the U.F.A. Many of the cheatin' U.F.A. members were elected by standpat U.F.A.'s and defeated.

If the new party is as successful in putting through freak legislation as the political organization was in putting forward freak issues for the consideration of the locals we may expect "some time" during the next few years.

"The U.S.A. must remember that a country is not great by the number of square miles it contains, but by the number of square people in it." The stay at home Americans would realize this if they were to realize the whole time in Central and South America. The U.S. are greatly exercised over John Bull controlling petroleum in Mesopotamia and the Dutch doing the same in Sumatra. The ordinary auto driver doesn't care whether oil is controlled by John D. or John Bull—the price is the same. The States are great on disarmament talk, but it would appear they are not so anxious to beat their swords into plowshares as to beat their competitors in to oil fields.

The old saw said "familiarity breeds contempt." Recently we have renewed our youth and attended a few dances. After watching the latest styles of dancing, we presume this old saying is out of date.

The tight wads are despicable, but if it weren't for them where would the good fellows borrow money. The man who never lends money never has many friends. He doesn't need them.

Arthur Brisbane says 999 out of 1,000 of us die without ever having a good time. Why should we? We should and create are here to think for us.

A weather bureau will indicate as "mean temperature" what the common folk will call "not cold, but damn chilly."

The prover says "Never put off till tomorrow what you can do today." With the new provincial government we would at least do this. It may be prohibited tomorrow.

Charles Ayling says the thing the tired business man needs to give him a renewed, interest to life is a little business.

## THE TORTURES OF RHEUMATISM

Happy Stopped When He Began To Take "Fruit-a-Lives"

3 OTTAWA ST., OTTAWA, P. Q.

"For a year, I suffered with rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again. One day while lying in bed, I read about 'Fruit-a-Lives'—the great fruit medicine; and it seemed just what I needed, so I decided to try it."

"The first box helped me, and I took the tablets regularly until every trace of the Rheumatism was gone. Each year LORENZO LEIDU. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-Lives Limited, Ottawa."

## SAVING SEED FOR THE 1922 CROP

(Experimental Farms Note)  
Such requirements are much more important than is generally recognized, both from the standpoint of the quantity required and from the standpoint of quality. For Canada well over 60,000,000 bushels of seed are required and for Saskatchewan almost 27,000,000 bushels. From the standpoint of the individual farmer the seed requirements are quite an important consideration, and there has been a tendency, particularly during the period of high prices, to sell the best grain and keep inferior seed.

Each year Canadian farmers have to face keener competition in the world's markets. It is important, therefore, that the high standard of seed required and for Saskatchewan almost 27,000,000 bushels. From the standpoint of the individual farmer the seed requirements are quite an important consideration, and there has been a tendency, particularly during the period of high prices, to sell the best grain and keep inferior seed.

Having removed other kinds and varieties of grain and harmful weeds in the field the next step is to prevent mixing in harvesting and threshing. The binder should be thoroughly cleaned off before being used and some provision to cap the stocks in order to prevent the horses bleaching. At threshing time the racks should be swept clean before threshing in the harvest of seed grain. The threshing mill should also be swept off as well as cleaned out as thoroughly as possible. This work requires surprisingly little time if done while the machine is in operation and the making of clean seed grain is thorough. It is as well to follow wheat with oats and vice versa and the first stack or two stacks come through should be kept separate as well as the last bushel that is threshed. Mixing in the granary frequently occurs. In order to prevent this the grain should be carefully examined and all foreign matter removed and cracks stopped up. After the seed grain is put in the bin it should either be sealed up to the ceiling or else the grain covered with a canvas of some description.

Careful attention to the matter of securing pure seed on the home farm will be amply repaid. There will be a much increased yield of seed, the company the use of good standard stocks. There will be the increase due to less loss from shattering and shrinkage of immature kernels, such as occurs in a mixed lot. And in addition the resultant crop will be less susceptible to disease.

M. J. Timine, Superintendent, Experimental Farms, Scott, Sask.

## WHO PAYS THE BILL?

In the discussion of the Municipal Hospital scheme, the question naturally arises very frequently as to who pays the bill for the upkeep of these institutions.

"It is all arranged on a co-operative basis, the same as the other forms of modern co-operation, there is a division of responsibility, as well as a division of benefits, for mutual helplessness."

Household necessary to support the Municipal Hospital is gathered from four sources:

1st. The taxpayer who is not a systematic contributor to the Hospital Board, pays \$4.00 per day for hospital service when required, and also pays \$10.00 for the use of the operating room in case an operation is necessary. This charge is the same as patients are required to pay for service in our hospital at the present time.

2nd. The contract contributor who is not a taxpayer to any of the municipalities included in the Hospital District, pays \$6.00 a year in advance direct to the Hospital Board, and he becomes a Hospital supporter under the Act. This payment is a sort of health insurance premium. In case of sickness the contributor himself, his wife and children, are admitted to the Hospital and given full Hospital service at the rate of \$1.00 per day; no extra charge for use of operating room.

3rd. The urban taxpayer, owning property in the city of Red Deer or any one of the villages in the proposed District, will pay a Hospital Tax of, say, 5 mills on his assessment. The tax is collected by the Municipality along with the other taxes. If the taxpayer's hospital tax, figured on his basis, amounts to \$6.00 or over, he is a Hospital supporter. His wife, or children, are entitled to full hospital service at the rate of \$1.00 per day, with no extra charge for use of operating room. If his Hospital Tax on any and such property fails to reach \$6.00, he will be required to pay the difference between the actual amount of his Hospital Tax and the said sum of \$6.00, direct to the Hospital Board, in order to secure the \$1.00 per day rate in the Hospital.

4th. The farmer or owner of farm land pays his Hospital Tax to the Municipality, along with his other taxes. Each rural municipal district

## BRUMPTON & GAETZ Ltd.

## Profits Have Gone--

A great easterner, during war times, was quoted as consigning profits to a place that we would consider it indelicate to mention here. We have consigned some of our clothing profits to the same unpopular resort and along with the profit, some of the cost also. For instance we have put on sale all the American Worsted Suits in our store at just half price: they were sold at \$45.00 and they are reduced now to ..... \$22.50

Sizes are 46, 44, 39, 38, 37, and 36. Better get them while the getting is good.

## Some Harvest Lines for Men

Khaki Shirts (just received) ..... \$2.50  
Khaki Pants ..... \$3.00  
Boy's Khaki Knickers at ..... \$1.50, \$1.65, \$1.75, \$2.00  
Pearl Chrome Tanned Harvest Gloves at ..... \$1.00  
Large Cuff Leather Gauntlets (extra) ..... 75¢  
Master Mechanic Bibb Overalls ..... \$2.50

**DARNED IF THEY'RE NOT**  
**Interwoven Socks**  
TOE AND HEEL

## BRUMPTON & GAETZ Ltd.

is required to collect a sum equal to 3 cents per acre on the assessable acreage of the Municipal District for Hospital purposes. Each rural taxpayer, regardless of the amount of his taxes, is entitled to Hospital service for himself, his wife or his children, at the rate of \$1.00 per day, a big saving in doctor's mileage is effected and a more speedy recovery is ensured.

Under the Municipal Hospital plan, the average owner of a single quarter section would have enough on a ten-day hospital bill for himself, his wife or one of his children, to pay the Hospital Tax for ten years.

An examination of the above statement reveals the fact that the farmer with a single quarter section of land insures his \$1.00 per day Hospital service at a lower rate of taxation than anyone else. The further he lives from town, and the less value his land the less Hospital tax he pays.

That is fair.  
Doctors charge a heavy mileage rate for visiting patients in the country. If however, the sick person will proceed to the Municipal Hospital, consult the doctor there, and receive the best hospital care at the rate of \$1.00 per day, a big saving in doctor's mileage is effected and a more speedy recovery is ensured.

Under the Municipal Hospital plan, the average owner of a single quarter section would have enough on a ten-day hospital bill for himself, his wife or one of his children, to pay the Hospital Tax for ten years.

An examination of the above statement reveals the fact that the farmer with a single quarter section of land insures his \$1.00 per day Hospital service at a lower rate of taxation than anyone else. The further he lives from town, and the less value his land the less Hospital tax he pays.

The man who hesitates is lost, but the woman who hesitates is won.

## CANADIAN PACIFIC Train Service

EFFECTIVE SUNDAY, MAY 22, 1921

TRANS-CANADA Limited, all standard sleeping cars, Trains 7 and 8 between Montreal, Toronto and Vancouver, will be resumed. First train from Montreal and Vancouver May 22nd.

"There's a new shirt for the one that fails."

The Forsyth-guarantee covers wearing quality as well as fastness of colors.

We carry a complete assortment.

JACK FULTON  
ROSS ST. RED DEER

## RED DEER WIN

### In Heavy Hitting Bee With Ponoka

Ponoka played an exhibition game at Red Deer on Wednesday evening, and though both teams were short some of their regular players, the fans were treated to a very nice game with plenty of hitting on both sides. Woodward and Wagner were the opposing pitchers and both pitched nice games, the former allowing ten hits and walking one, and the latter being found for twelve safe hits. Both men hit one of the opposing batters.

Red Deer started the scoring in the first. Padden hitting for three bases when two were down, Downey following with a second three-bagger, but dying on third when Johnson went down at first. Ponoka were blanked. Red Deer added another in the second. Ponoka going scoreless. In the third the visitors evened the score, Campbell and Rice scoring on Stack's two base drive to left. Stack went out at third trying to stretch his hit for three bases.

Red Deer went into the lead again in the fourth, two runs, crossing the plate. Ponoka did not score. In the fifth the visitors were again held, and the local boys added another three. In the sixth neither team scored. In the seventh the northers, assisted by a couple of errors, two doubles and a single, put across three runners which ended the scoring by either side for the game. In the eighth Wagner relieved Wagner on the mound for Red Deer, and in the two frames he pitched only six men faced him.

The holding feature was Peterson's catch of Woodward's high fly in the sixth, a smart throw to second catching Ford of the bag and completing a double play.

Score by innings—

Red Deer	10	2	0	0	3	0	0	1	2	6
Ponoka	0	2	0	0	0	0	0	0	0	0
Red Deer	11	2	3	0	0	0	0	0	0	6

Box score—

Ponoka—	AB R H E D A B
Campbell, 2b	4 2 0 1 3 0
Rice, rf	5 2 2 0 0 0

Summary

Two-base hits—Stack, Deerostler.

Ford, Peterson 2.

Hits off Woodward, 19 in 3 innings;

Wagner, 12 in 7 innings.

Double plays—Red Deer 1, Peterson to Johnson.

Left on bases—Ponoka 9, Red Deer 4.

Bases on balls off Woodward 1.

Strike-outs—Woodward 5, Wagner 3.

Padden 1.

Umpire—Ely.

## A MASS OF BEAUTY

### Soldiers Hospital Grounds Present a Pretty Sight

One of the sights of the city just now is Mr. Paton's display of lawn, greenery and bloom at the Soldiers Hospital grounds. The broad roadway stretching north and south from entrance to entrance may perhaps be said to be his main base line, and this is bordered by pretty grass, ward backed by box stretching banked beds of green and red, the royal blue of the lobelia, the scarlet of the geranium, the end- less variety of color in the snapdragon, the pansies, the phlox, the plants, etc., with more lowly shrubs and plants, and with carnegian and cedar hedges to protect, providing endless variety of form and color. Mr. Paton's chief enemy in forming regular plans is the northwest wind which sweep over his exposed front and scatter at times his pretty nosegays, the which he has to replace with anything available. He is growing on a foot belt of trees along his front edge, and this year the young trees on this 600 foot stretch—elm, birch, ash, etc.—are interlarded with the dainty poppies in their pink bloom forming a long reach of beautiful color.

Between this front and the beds bordering the main drive are pretty beds of varying shapes and forms, which break the green lawn, and which contain almost all varieties of flowers and shrubs. The main porch and walls offer Mr. Paton opportunity for the Virginia Creeper, the hop, the wild cucumber, and other climbing vines. On the north side of the front part of the main building are the tennis courts and on the south side to correspond Mr. Paton has endeavored to build up a lawn bowling green, but he has been hindered in this by some lack of water at the critical growing season. The sloping banks overlooking the green have perhaps the most velvety award in Red Deer, but as to the green proper—well, Mr. Paton has not much to say as to his hopes of it, under present conditions. A greenhouse has a further variety of plants, but it is chiefly used for seed, as nearly all the flower and vegetable seed is raised on the place.

The roots and vegetables have done well. Mr. Paton raises on his fifteen acres far more than enough to supply the institution; he has protected himself on the south against weed-seeds by filling the unused road with pot toes, which are his staple crop. He has the assistance in the work of the patients, some of whom, while not altogether profitable workers, have quite a notion of arrangement and selection, but Mr. Paton's hours are not bounded by the same limitations as theirs.

## Meeting Harvest Costs

The Imperial Bank is willing to assist responsible farmers over the difficulties of harvest financing, by extending adequate accommodation to meet the expenses of that busy, costly season.

### REV. C. M. KING LEAVING RED DEER

Rev. C. M. King, who for the past two years has made his home in Red Deer while he has been engaged in evangelistic work in the Church of the Nazarene, is leaving town for Medford, Ore., the last of this week. Mr.

King finds it necessary to go to a lower altitude and milder climate on account of his health. While he has been in Red Deer, he has made many warm friends who regret very much to see him and his family leave. The best wishes of the Nazarene congregation will follow Bro. King for a large degree of success in his new field of labor.

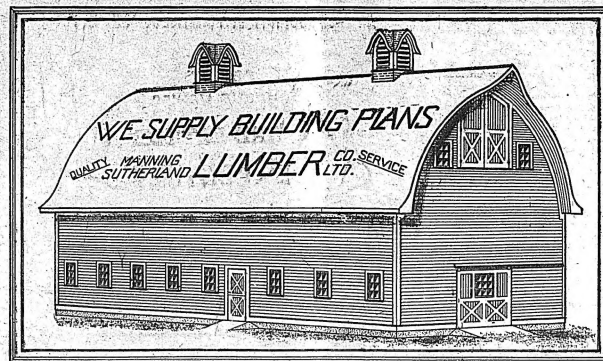

MUNICIPAL HOSPITAL AT ONOWAY, ALBERTA

The original building was erected on the frontier, in 1913, by the Anglican Home Missionary Society, under the Archbishop of Canterbury Fund. In June, 1920, the institution was turned over to the district to be operated as a Municipal Hospital. It was then fitted up with every modern equipment, and an electric light plant was installed. The building was renovated, and lately an additional building has been acquired, which will be used as a Nurses' Home, thus converting the original building into a 10-bed institution. The operating room was fitted with full equipment for every class of operation, and the bathrooms and lavatories were made as modern as in any city hospital. 53 young Canadians were born in this Hospital from June, 1920, to July, 1921.

### IT'S UP TO YOU

The committee in charge of the Municipal Hospital campaign has worked along in the face of difficulties with the conviction that the thing is right. The vote will be taken on Friday, and the committee have the satisfaction of feeling that they have done their best—the issue rests with the electors.

The responsibility is yours. Meetings have been held in all parts of the proposed district, but unfortunately there are a great many who have not attended to hear the question discussed. It will be said if the scheme is defeated by the votes of those who do not realize the responsibility that they assume to the sick and suffering by opposing the scheme without understanding the issue.

The representatives of the Department, Messrs. Whiston, McKay and McCannell, have been indefatigable in their service to the committee. They are men of conviction, with a sincere regard for the interests of suffering humanity.

It must be remembered, however, that this thing was not started with the committee or with the department. The people themselves and the Municipal Councils took the initiative and petitioned the Department for the formation of the Hospital District. The Department had no alternative as your servants under responsible government. The members of the provisions and Board were appointed by the 16 Municipal Councils interested, to the Hospital scheme, and they did it, and did it well. The Board appointed the campaign committee, which they asked to arrange for meetings to inform the electorate regarding the scheme and otherwise to distribute ample information on the subject. The representatives of the department did not in here, as representatives of the district required them to do.

The electors are asked for their support of what their own Board has determined as the right thing to be done at this time. If you have not even taken the time to read the question, surely you can trust these men. But, remember it is up to you, and upon your vote may depend the life of a mother or a baby. Do not take the responsibility of ignoring the cry of the suffering.

### THE SUB-HOSPITALS

The idea of building sub-hospitals as part of the service provided by a given Municipal Hospital scheme is on trial in the vote which is to be taken on the subject this week. The Red Deer scheme is the first that has been provided for the step that may be taken under the Act. If the whole scheme should not receive the necessary vote to make it effective, it will not be surprising if the Department takes the vote as an indication that the people do not want sub-hospitals, and cut the provision out of the Act.

The News is of the opinion that the sub-hospital is necessary in parts of this province, and will be very sorry to see the people reject it. Take the districts that the sub-hospitals would serve in the present scheme, for instance. The city of Red Deer already has a hospital that is doing fairly satisfactory work, and even the scheme is defeated, will probably continue to do so. The rural brother who votes "No" on Friday with the idea that he is going to avenge some imaginary grievance against the city is harding up the wrong tree. The city can carry on alright.

One thing can be taken as absolutely certain: the Red Deer Hospital will be operated on some kind of a municipal basis at an early date, and will not be run as a charitable institution very much longer. Even if the city goes the whole way alone, the people who pay the tax bill for the Hospital will be admitted to its privileges at a lower rate than other people are asked to pay. The city will doubtless be willing to include any of the surrounding territory that wishes to come in on the co-operative basis.

Take on the east, for instance, the territory that would be willing to join in with Red Deer probably extends to the line between M.D. 338 and M.D. 239 on the east side. That would leave the M.D. of Hays No. 338 beautifully isolated with the Red Deer river on the north and east as a natural boundary. And yet the organizers who have been over that district lately report that the people there are divided by petty jealousies to which they should be heartily ashamed of themselves. Some are opposing the scheme because the Hospital will not be built at Ardley, if you please, while others are bolting their heads off because it is not going

great advantage of a modern, well-equipped hospital, conveniently located, and financed by taxes distributed over a wide area.

The Hospital has done a wonderful work in looking after and giving proper care to women in cases of child birth. In this wide country where settlement is sparse, the advent of an infant in the farm house where medical assistance is far away is a thing to be dreaded. The expense of going to the city and there entering a hospital is a big item and many people cannot afford to do this. In the Bassano municipal hospital district an expectant mother can come to the hospital upon a doctor's certificate and at the very reasonable fee of one dollar a day await at the hospital until the birth occurs and then receive the best treatment skilled doctors and nurses can give.

The legislation that brought the municipal hospitals into being in Alberta, was one of the most beneficial laws ever put on a statute book. The Bassano hospital is a prized possession of the district, and many who indignantly opposed it have changed their minds since it has been put in operation. The cost of caring for the sick is spread over the entire populace and the Golden Rule is brought into practical operation.

## A NEW BRUSH CUTTER

Mr. Wm. Springbett's Machine Doing Good Work

Mr. Wm. Springbett, the maker, and Mr. Wm. Beckley, the owner and user, were much delighted with the work on Wednesday of a brush cutter. Mr. Beckley's farm, Mr. Beckley, Mr. W. J. Reay, Mr. Bert Abbott, and their neighbors think it is doing splendid work. The best work of any such machine they have seen, and Mr. Springbett does not see how he can much better it.

Mr. Springbett has been working on the cutter for some years, and has given it a number of improvements. The machine looks like a stoutly built tractor, with a large wheel at the front, and a smaller one at the rear. It is pointed, with one straight side which carries the serrated shearing steel blade 12 feet by 4 1/2 inches. The platform is heavily weighted and the widely flanged back wheels, seven feet apart, especially the outer wheel, assist also to hold the machine up to its work. It cuts some six inches below where a tree would be cut with an axe in clearing, and shaves off the mounds and roots so cleanly that you could run a mower over it, Mr. Beckley says, and Mr. Beckley was working in willow and dry roots at the Red Deer river, four to six inches in diameter each, were sheared off by the machine, which was pulled by a Cleveland tractor. Mr. W. J. Reay had eight horses on one machine, and kept four men busy removing the brush behind him.

## GRASSHOPPERS STILL DANGEROUS

The grasshoppers are still very numerous in parts of Alberta. It may appear that the pests are not doing very serious harm. Many people do not realize that when the leaves have been eaten off the plants by grasshoppers the heads on such plants cannot fill and as a result the yield of our grain is very seriously reduced. When ever grasshoppers are in fields of grain it is certain that they are doing very much damage. As the country develops and a large size and become numerous throughout the fields of grain, it is almost impossible to do very much in the way of controlling them.

Prospects are bad for next year, and it would seem that every possible means of control must be used in order to effectively reduce the injury from these pests. Mr. E. F. Strickland, in charge of Dominion Entomological Laboratory, Lethbridge, offers the following suggestions:

We have under observation instances in which summer fallowed crops would have made a fair yield had not countless swarms of grasshoppers come in from neighboring breeding grounds which had not been treated, and the hoppers remained on them till they were winged. These breeding grounds must be very obvious and the fall, that is, from now on till the middle of September, owing to the habit of the males swarming on the females while the latter are ovipositing, thus giving to the breeding ground the appearance of being covered with small struggling bunches of yellow grasshoppers. Many of these breeding grounds were observed on the 1st of the fall, and were reported to us. If the majority of these were located, the fall and were reported to you, steps could then be taken next spring to see that they received proper attention. We are advocating such a campaign in our local press, and would offer the suggestion to you that you get the best local men or anyone else that motors through the country, to report breed-

The present Red Deer Memorial Hospital, which is to be taken over by the Municipal Hospital Board and made the basis for developing the new Hospital equipment.

ing places when they are seen. In this manner much of the trouble that will be inevitably experienced next year when the grasshoppers begin to fly can be reduced.

It is the most sincere wish of the School of Agriculture at Oids to co-operate in every possible manner with everyone in an attempt to control and exterminate the grasshopper. While the campaign to control grasshoppers during the last few weeks has been somewhat less strenuous than it was in June, we are still in the field to assist farmers in any way and would be very pleased to receive communications

from farmers regarding the control of this pest, and would ask all who are interested in the welfare of the farming community to co-operate in every possible manner in an endeavor to organize so that these pests may be effectively combated.

The suggestions offered in Mr. Strickland's letter are very timely, and we would ask every public-spirited person to act on his suggestions and let us know where they observed breeding places.

F. S. GRISDALE,

Children 25c. Adults 75c.  
TAX EXTRA

## JUST IS NO "CURE-ALL"

It will not grow hair on bald heads (when roots are dead) and it will not restore grey hair to its original youthful color. Science has long since proven that nothing but a dye will change the color of grey hair and the utter impossibility and futility of trying to grow hair on a bald pate, it simply cannot be done. In spite of the hard advertisements and statements by some makers of hair lotions and unkindly deceits, to the contrary.

We give people credit for having intelligence enough to know these things and to discern the article of merit from the fake, and we believe that is the reason for the wonderful sale that "JUB88" is enjoying today. Many "JUB88" is being sold in Alberta than all other hair tonics combined.

While "JUB88" is not a "Wonder cure all" it is a wonderful hair tonic because it kills dandruff, stops falling hair, and promotes a wonderful new growth (when there is still life in the roots) and we do not ask you to take our word for it either.

Get a bottle of "JUB88" today, see the contents of bottle (a month's treatment) and if you are not more than delighted with results, if it isn't the best thing you have ever used, return the empty bottle to the druggist from whom you purchased it and he will refund your money without a question.

We cannot force you into buying "JUB88" but we make it as easy for you to try as is humanly possible. All Red Deer druggists sell "JUB88" \$2.00 a bottle (a month's treatment) worth a lot more.

HARRISON HAIR TONIC CO. LTD.  
1406 Fourth St. West CALGARY, ALTA.

## Guns and Rifles

### At Greatly Reduced Prices

We have a well-assorted stock of the best makes of Shotguns and Rifles, Winchester, Stevens, etc. These are priced down to sell and will go quickly. Get your choice now well you have the chance. They cannot be replaced at our prices.

## SHOTGUN SHELLS

Regal, Sovereign, Canuck and Nitro Club. Special Prices in Case Lots. We particularly recommend the Wetproof Nitro Club Shell.

There is going to be a shortage of shells this fall, as the wholesale houses are carrying only small stocks and are practically sold out. The factories are working on orders only and carrying no reserve stock. Club together, buy your shells in case lots, you get them cheaper and avoid disappointment later.

## SHELLS AT 95c A BOX

We have a limited stock of 10 and 12 gauge shells, black powder, which we will sell at 95c a box while they last.

## MUNICIPAL HOSPITALS OF ALBERTA

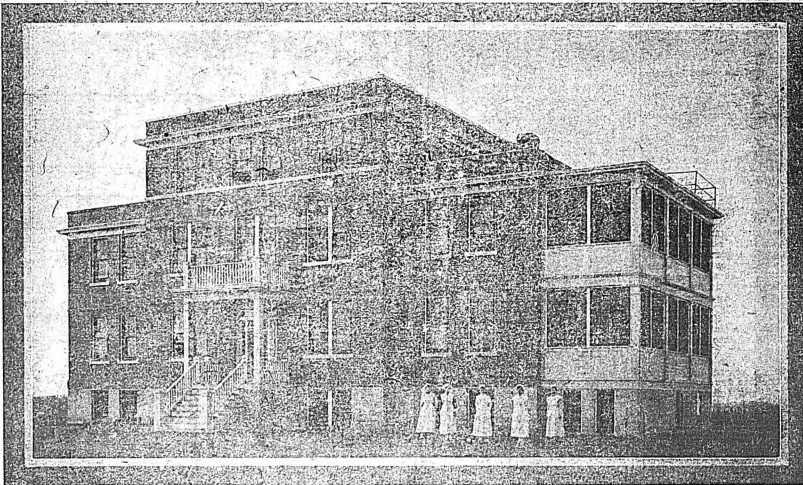

NEW MUNICIPAL HOSPITAL AT HIGH RIVER

MUNICIPAL HOSPITAL AT BASSANO, ALTA.

A 22-bed institution opened in April, 1920. For an appreciation of the work that this Hospital is doing, read the editorial extract from the Bassano Mail in this issue.

MUNICIPAL HOSPITAL AT VERMILION, ALTA.

An 18-bed institution opened in March, 1920. The number of patients admitted to this Hospital during the first six months of the year was nearly equal to the number admitted into the Red Deer Memorial Hospital. The Board is not experiencing any difficulty in carrying on with the 3 cents per acre tax on rural lands and does not expect to ever have to raise the rate.

## COMPANY ORDERS

by Major G. G. Briscoe, commanding D. Co. 1st Alta. Reg't 31st B'n. C.E.F.

Unauthorized wearing of military uniform:  
The unauthorized wearing of uniform or articles of clothing so similar to military uniforms as to be mistaken therefor, is forbidden by the Criminal Code (R.S.C. Chap. 146) as amended by the Statutes of 1920 (10 & 11, Geo. V. Chap. 43).

Section 10 of these amendments provides, in brief, that any person, without lawful authority, wearing any uniform of His Majesty's naval, land and air forces, or any uniform which is so similar to the uniform of these forces as to be likely to be mistaken therefor, shall be liable on summary conviction to a penalty of \$200.00 or to twelve months imprisonment, or both fine and imprisonment.

The General Officer Commanding M. D. No. 13 may grant permission for uniform to be worn on certain occasions, and such occasions will be promulgated in district orders. The following have been defined as the occasions for which approval may be

given:

- On state occasions.
- At naval and military funerals and weddings.
- On naval and military parades which ex-soldiers and ex-sailors are as such, invited to attend.

(d) At lectures and addresses, fetes, celebrations, entertainments, and reunions of a naval and military character.

Approval will not be granted to wear uniform at political gatherings, or on official occasions not connected with sea, land or air services, or for any event held for private gain.

Officers commanding units may authorize the members of their respective units to wear uniform on any parade, military duty, or at any entertainment held directly under the auspices of the unit. When it is desired that officers and other ranks of sister units of the Garrison attend in uniform, and on all other occasions, written application for permission should be made to district headquarters.

G. G. Briscoe, Major Commanding D. Co. 1st Alberta Regiment.

## JAPANESE HUMOR SHOWN

Among the misconceptions in regard to the Japanese is the belief held by many foreigners that they are a stolid people. One might search the dictionary and not find an adjective less applicable to them. They have, it is true, attained a self-control that deceives superficial observers, but under this restraint is all the fire and motion and effervescence of the Latin races or the Celts. One expression of this volatile and effervescent spirit is a quick wit and a keen humor. A very slight acquaintance with Japanese art will reveal this quality expressed in many forms—in design for fabrics, lacquer work, fans, carvings, bronzes, screens and kikkemono, and, last but by no means least, in many of their delightful illustrated books.

Comic pictorial work probably goes back in Japan to the first immature sketches of her earliest artists, and if the greater part of this work has been lost in the serious religious art that followed the advent of Buddhism into the country, there are still fragments that indicate the humor which animated even the men of the Kamato-ry. Among these early examples are some drawings discovered a few years

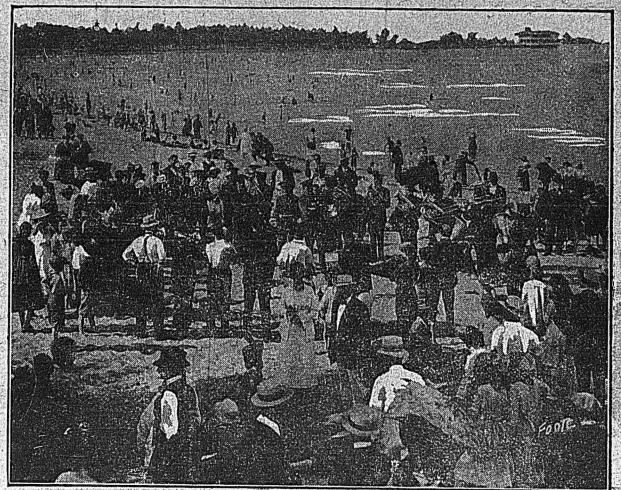

ago on the pedestal of one of the carved wooden figures in the Nara museum. The work belongs to the Tampo-ry period (eighth century), and was found when repairs necessitated the removal of the figure from its base. Slight as the drawings are, having been dashed off in a moment of waiting, perhaps, by some old artist-priest—the technique in them is by no means crude or primitive.

The comic drawings of the 11th century priest, Toba Sojo, are known the world over, and since his time all caricatures have gone by the name of *lobo-ye* among the Japanese.

In the late 17th century there arose a galaxy of wits and caricaturists in Osaka. The first of these irrepressible spirits was Hannabusa Heho, who lived between 1651 and 1724. Although he went to Yedo before his 20th year, and entered the Kano school as a pupil of Yasunobu, no amount of classical training could kill his love of fun—Scribner's Magazine.

School books, drawing sets, 35c. birthday cards, flags, dolls, mementos and, at John McVicar's bookstore. Kindly order High School books early.

## Winnipeg Beach

Winnipeg Beach, Manitoba.

Winnipeg Beach, 40 miles from Winnipeg, is an ideal summer resort. Thousands of Winnipeg folks and folk from Central Canada spend their summer vacation there. The picnic grounds are ideal, sheltered as they are with beautiful trees, and equipped with tables for serving meals, with hot and cold water available at all times. The grounds are laid out in such a manner as to be able to take care of every outdoor game, with roped enclosures for foot races, baseball dis-

mond, etc. The Beach is one of the best and safest in North Western Canada; commodious and modernly equipped bath-houses, operated by courteous attendants; row-boats, canoes, and motor boats are for hire at reasonable prices. The Cafe and Empress Hotel is this year under the management of Mr. G. W. Traylor, formerly of the Hotel Chamberlain of Old Point Comfort, Virginia, and he is prepared to cater to parties of any

size and submit menus for approval upon request. Attractions of the beach are: Giant Roller Coaster, The Electric Carroussel, Pony, Donkey and Goat Track in charge of capable attendants for the amusement of children; picture theatre showing first run films, at popular prices, while the refreshment booth are stocked with the very best in soft drinks, confectionery, etc., and sold at Winnipeg prices.

## EVERGREEN

Miss Barbara Norton and Miss Edna Cox, of Sydney, Nova Scotia, arrived on Monday's train. Hayling is well under way here, although we have been having some rain.

Mrs. D. J. McKinnon, of Edmonton, is spending a few weeks with her parents, Mr. and Mrs. J. A. Radford.

## BIG APPETITE WAS ENOUGH

One day a man complained of not feeling fit, and a friend suggested that he take up exercise. "There's horseback riding," said the friend. "It is one of the best forms of exercise on earth."

"I know," was the doubtful rejoinder, "but I am afraid I can't afford it."

"Can't afford it?" exclaimed the other. "You already have a horse; and just think of the appetite it will give you!"

"Yes," responded the man, with a sigh, "and just think of the appetite it will give the horse!"

## THE RAINMAKER

New York Times

Just about once in twenty years the western farmers develop a new faith in the possibility of "making rain." Then somebody with a beautiful and fairly warranted confidence, that the last efforts in this interesting industry—and their failure—have been forgotten, come along with "apparatus more or less elaborate for creating or attracting clouds and making them 'give down,'" as is said of cows. He sets up his machinery, starts it to operating, and in a day or two rain either does or doesn't fall.

After a long drought, of course, the chances are rather in the rainmaker's favor. He is a little more likely to get a shower than a good business, for he is sure to do a good business for that season all through that part of the country and a fair one for the rest. A single triumph is enough for that.

That is not to say that the rainmakers are conscious deceivers, nor is it to say that rainmaking is and always will be impossible for man. Probably the majority of these wizards sincerely believe in their own powers, as do the weather forecasters who rely on turkey wishbones and muskrats

houses and the quantity of nuts laid up by the squirrels, as grounds for prediction as to whether the next winter will be severe or mild. "They couldn't convince their customers if they had not first convinced themselves."

## KNEW WHAT HE WANTED

"I want to buy a make-up box," said the young married man. "A make-up box," the confectioner echoed. "We don't keep theatrical supplies."

"I mean a box of chocolates to take home to my wife. I promised to be home three hours ago."—Pearson's Weekly.

## KNEW HER WELL

### The Belrobe Method

If you can't have all the frocks you want—

You can have more than you planned.

Because the wonderful new invention called The BELROBE METHOD

Saves from 1/4 to 1 3/4 yards of material

on every gown you make, which means a cash saving of the price of that amount of material.

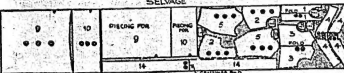

The BELROBE METHOD is a time-saver, a money-saver and a material-saver. The BELROBE METHOD shows you how to

cut out  
put together  
fit and finish

by pictures and directions the frock you make.

Think of it—no more worry about cutting out a frock! All you need do is follow the layout, and in the least possible time and from the least material your frock is ready to be put together.

VIEW 8 SIZES 36 to 40 IN 36 INCH MATERIAL

Such a layout, as the above for example, for a smart frock, saves time, fussing and material. There's a layout for all sizes and all widths of suitable material, for this is

**The BELROBE METHOD**

## M. D. OF HAYS

The sixth meeting of the Council was held at Louana on Saturday, August 16th, at 1 o'clock p.m., with all Councillors present.

The minutes of the previous meeting were read, and approved on motion of Robinson. Mr. D. F. Buckley asked for compensation for crop destroyed on account of the lack of an open crossing to a diversion on the N.E. 11-36-23-4, and on motion of Wilton the sum of \$25.00 was granted as full compensation up to and including the present year. Carried.

Mr. W. C. McKay complained that the Council, in ditching a slough on the road allowance, had deprived him of his water supply on the N. E. 15-36-23-4 and asked for compensation, and in this connection it was moved by McDonald that a board of arbitration be appointed to deal with the matter. Carried.

Moved by Ross, that Coun. Kirkberg be authorized to appoint one member of the arbitration board to act for the Municipal District, and that the date of the meeting will be August 27th at 2 p.m., and further that all parties concerned govern themselves accordingly. Carried.

Re the letter from the Soldier Settlement Board asking that a road be built to the S.E. 36-35-24, it was moved by Robinson that on account of lack of funds the road to this land would not be completed this year. Carried.

Re the letter from the Workmen's Compensation Board, it was moved by Wilton that the Secretary write for more information. Carried.

In regard to the question of changing the Louana Cemetery, there being two petitions presented objecting to the change, it was moved by Wilton that the Secretary be instructed to place all details before Mr. Payne of Red Deer and await his advice before proceeding further. Carried.

A letter was read from the Secretary of the Delburne V. L. asking the Council to take steps to have the Delburne Lake stocked with fish. Coun. G. Dehrie moved that the Council take no action. Carried, 5 for, Wilton against.

On motion of Wilton, the Council refused to take any action in the dispute between the Canada Ingot from Co. and the Council of Division 3 re the alleged sale of a grader until the paper signed by Councillor Ross be produced to the Council. Carried.

An account from Dr. Shaw of Delburne for medical attention to Brown, a transient resident of the Delburne district, was on motion of Ross, laid over until the Secretary, Treasurer investigate and report at the next meeting. Carried.

Moved by Robinson, that the following accounts be passed and ordered paid. Carried.

T. E. Cray, \$9.35; W. E. Hannam, \$91.45; W. J. White & Co., \$15.50; O. Ruchowski, \$249.00; Northland Lumber Yard, \$224.75; S. J. Parker, \$16.00; Northland Lumber Yard, \$230.50; R. Dando, \$225.25; H. C. Anson, \$45.50; F. T. Green, \$305.59; G. Evans, \$117.10; Lindsay & Moore, \$50.00; Alberta Lumber Co., \$138.15; Burroughs Adding Machine Co., \$5.25; A. Latham, \$30.05; Delburne Con. S. D., \$17.00; Delburne Village, \$7.02; Western Municipal News, \$2.15; J. P. McElroy, \$50.00; J. H. Baker, \$2.50; J. W. McCallie, \$4.25; A. T. Rowell,

\$10.50; Miller & Cheek, \$10.20; Atty. General's Dept., \$80.00; Alta. Government Telephones, \$8.20; Can. Ingot from Co., \$205.83. Total, \$2,155.79.

After a lengthy discussion on the Hospital question, the following resolution was passed: Moved by Kirkberg, that so far as we understand it we are in favor of the proposed Hospital District, but from lack of information and sufficient polling stations within our district, we fear that the result of the vote is uncertain, and we would respectfully request the committee to give us more help and if necessary postpone the date of polling, and we hereby appoint Councillor Wilton as a deputation to present this resolution. Carried.

Moved by Robinson, that our next meeting be held at Elmore on Saturday, September 7th, at 10 a.m. Carried.

Meeting then adjourned.

Robt. Farries, Secretary-Treasurer.

## EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Friday, August 12.

**Cattle.** Notwithstanding light receipts, prices on fat steers at Calgary are a little weaker than they were a week ago, with tops at \$4.50 and \$5; good, \$3.75 to \$4.25; medium, \$2 to \$3.50; common, \$1.75 to \$3. Cows weak, but not much lower in price, with tops, \$3.50 to \$4; good, \$3 to \$3.25; medium, \$2.50 to \$3; common, \$2 to \$2.50; canners, \$1 to \$2. Bulls unchanged, very few offered; best up to \$2.50 and down to \$1.25. Calves 25c lower, with best \$4.50 to \$5.75; common, \$3 to \$4.50. Feeder steers in better demand, and good quality stuff going out up to \$3.25, ranging down to \$2.75; stocker steers, \$2.25 to \$2.50; some stock holders also moving at \$2.25 to \$2.75; stocker cows from \$1 up.

Prices at Edmonton on the good steers are holding up, owing to export buying, and tops are bringing \$5 to \$5.60; good butchers, \$4.50 to \$5; medium, \$3.50 to \$4.50; common, \$3 to \$3.50. Choices cows, \$4 to 4.75; good, \$3.50 to \$4; medium, \$2.50 to \$3.50; common and canners, 50c to \$2.50. Bulls slow sale, with tops \$2.25 and ranging down to 70c. Calves unchanged, with best at \$5.50; common, \$4 to \$5. Feeder steers, \$2.50 to \$3.50; stockers, \$2 to \$3; demand poor on this class and too many being shipped in which could be finished to advantage; looks like a buyer's market on the class; stock holders, \$2 to \$2.50; stock cows, \$1.50 to \$2.50.

Prices at Calgary have been easing off since last week, with the sales on Thursday at \$14. Owing to decrease on overweight hogs, producers who watch weights carefully, and observe new cuts as given in the Examiner.

Hogs have been holding steady at Edmore in yards, with Thursday's prices at \$14.

**Sheep.** Quite a few sheep handled this week at Calgary, with lambs steady at last week's price of \$6.50 to \$8; wethers, \$5 to \$6; ewes, \$4 to \$5. More sheep have been selling at Edmonton, and prices are slightly lower, with wethers, \$6 to \$6.50; ewes, \$3 to \$5; lambs, \$7.50 to \$8.50.

**Grain.** Wide swings shown in wheat market, but underlying tone of market strong, according to all estimates of yield and world requirements. Other grains hold fairly firm. Cutting in Alberta started in several places, and will be general very soon. In north-central and northern districts warm weather is now required. Hail damage reports continue to show very material losses in some districts.

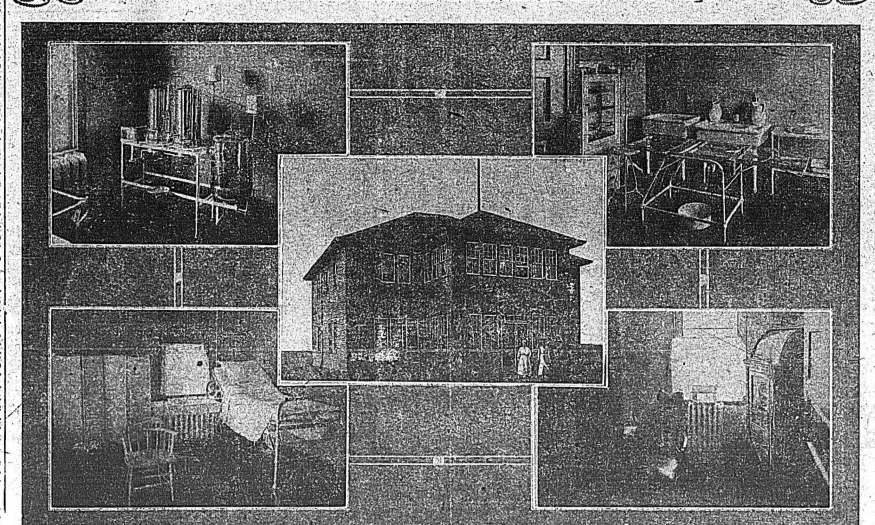

All lines quiet this week. Eggs show better tone, if quality satisfactory; general quotation \$3.70 to \$3.80; premium on strictly fresh. Creamery butter quiet, but fairly firm; carotins, 35c to 40c; cream prices unchanged, south showing some reduction in volume. Dairy butter, fancy table around 20c; ordinary firsts around 20c; off grades, poor demand. Broilers getting too heavy, and prices weaker at 20c to 25c; fowl, 16c to 18c; supplies increasing, and some going into storage; lower prices certain. New crop potatoes \$1.75 to \$2 per cwt.; no established price in ton lots, and shipments made on consignment. Eggs are firm in the Edmonton district, with quotations this week \$3.75 to \$3.80. Spring chickens are lower than a week ago owing to fairly generous receipts; new quoted 20c; fowl, 16c; turkeys, 25c. Dairy butter moderate demand, and dealers paying around 20c on straight receipts. No changes reported in creamery butter or cream prices; the creameries paying 34c, 32c and 28c for special, first and second grades, with stations 4c under. Creamery butter moving satisfactorily, with the coast taking fair quantity.

**Hay.** Movement slow; dealers paying \$14 to \$15 country points; timothy not offered extensively yet, but probably open around \$25. Wool. Eastern prices 10c to 11c on coarse, and range up to 17c to 20c on medium staple.

**Hides.** No market for anything, but small quantity of packer hides.

Seasonably quiet, but general conditions satisfactory.

## MUNICIPAL HOSPITALS OF ALBERTA

MUNICIPAL HOSPITAL AT ISLAY ALTA.  
An efficient 12-bed Hospital, small in size, but effective and efficient in its appointments. It only costs the ratepayers 3c. per acre on rural lands to operate this institution.

## PICTURE COMING! BEAUTIFUL "SILVER THREADS AMONG THE GOLD" AND VAUDEVILLE

DIRECT FROM THE GRAND, CALGARY

Good crowds attended the dances of the Plaza Orchestra at the Lake over the week end. This orchestra has given an satisfaction during the summer and the crowd will be sorry to see them go.

Owing to the continued spoil of dry weather, the Sylvan Lake road is the best it has been for some time. The municipality is due for a good deal of the credit, however, in their efforts to keep the road dragged.

## LOCAL NEWS

Chas. F. Carwell made a business trip to Rimbey on Friday last.

D. Wright, of Okotoks, has been spending holidays in the city and at the Lake.

Attend the Flower Show and Concert in the Armouries on Thursday evening.

When the football boys' soccer team defeated the Calles by 2-0 the other night, they won the city championship of Edmonton for this season.

The I.O.B.E. will serve refreshments at the lower, fruit and vegetable show in the Armouries on Thursday next.

At their sales work, Wednesday last, the Ladies' Aid of the Presbyterian church, Sylvan Lake, realized about \$150.00.

Miss Kate Carwell is enjoying holidays on a motor trip to Moose Jaw to Winnipeg with her uncle and aunt. Mr. and Mrs. Henry Lemon, of Moose Jaw.

Enjoy a pleasant evening at Red Deer Horticultural Society's reception on Thursday next.

By defeating Elkhora by 5-4, Huxley baseball team earned the right to play off with Three Hills for the championship of the Hays-Ghost Plains League.

R. B. Welliver, owner, made a business trip to Rimbey on Friday last. They report the road somewhat rough between Rimbey and Rimbey but otherwise conditions are fine.

Mr. Farmer, owner, to the Horticultural Exhibition in the Armouries on Thursday and see what can be grown in the city and district. It will surprise you.

The Editor has had pretty good luck with the fish at the Lake this year, getting several good bags, four of which being the best. The fish are on the whole rather small and hard to coax on to the hook.

Miss Doris Pyke will teach near Olds the coming term. Ivy Ramsey will teach in Calgary. Miss Dawson in Strathmore, Sallie Spillard in Rockyford, H. Evans at Canstor, and Art Carwell at High River.

Dr. and Mrs. Crumney and family will reside at the Bank of Commerce house on 6th St. at present occupied by Mr. H. Maunell. The Bank has sold the house, and is at once starting plans for a new one to be built on the lot next the old one.

The crop of saskatoons at Sylvan Lake has been fine this year, and along the north shore there has been an abundance of berries, attracting many holiday parties to brave the rather winding roads with their cars.

It seems to be a good year for mushrooms, as several people have reported big growths. On a trip to Rimbey last week the Carwell boys struck a patch right on the road where they could have taken up fifty quarts.

Mrs. Galbreith and Miss Eleanor are enjoying holidays at the Lake. Allan will be out for a few days before attending Normal. The Editor also thinks three weeks' rest will do him a world of good.

The dance held in Connor's barn, Clearview, on Friday last, was reported by some of our young people to be the best of its kind held for some time. The Bone Orchestra supplied the music and everybody thoroughly enjoyed themselves.

The Stampede at the Lake on Saturday and Sunday was quite a success in many ways. The crowd were especially delighted when the water events were put on and the contestants got damped.

Rev. Mr. Simpson conducted services at the Anglican church on Sunday. In the afternoon Rev. and Mrs. Simpson, Mr. and Mrs. Miller and Walter Miller paid a visit to the Canel and Carwell cottages at the Lake.

Calgary will have just one rugby team this fall, and, judging from the material to choose from, it should be a good one. By having only one team Calgary will have a better chance of competing with sister provinces if she should win the championship of Alberta.

Dr. R. Hewson is now located permanently at Rimbey, Alta., the thriving new town in the Blindman Valley, having disposed of his practice at Oyen, Alberta. He says conditions there are away ahead of those at Oyen, and the farmers should consider themselves lucky to be living in such a fertile and beautiful valley.

Mr. and Mrs. Tipple, of Moose Jaw, returned home on Friday last after enjoying a week's holiday in Red Deer. They were visiting Miss Copp and Mr. and Mrs. Maunell, 6th St. North. Mr. Tipple is connected with the C.P.R. in Moose Jaw. He thinks that our summer resort at Sylvan Lake is the prettiest he has ever seen, although the depth of the water is at times deceiving enough to cause disaster when people dive off the pier.

In a trip to Rimbey a few days ago we ran across one of our old townsmen, J. Wood. Jack runs a tin-smithing business at that place, and thinks there is no other district like it. Grain cutting is general along the whole Blindman Valley now, and the crops look fine. The steel on the new government railway is only a few miles past Rimbey, and the road is now being ballasted. If the look of the surrounding country is any criterion, the towns of Rimbey and Rimbey should become thriving centres.

It speaks well for the Horn Hill district as a farming centre when many of the prosperous farmers there are to be living holidays at the coast, and even to retire. Geo. Bone is only bought property at the coast and has his two youngest sons to run his home farm. He has done well for many years, and is well able to retire. Bone Lethbridge has also property in B.C. and intends living there permanently, as his sons are taking over his extensive property here. John Greening also is thinking of taking things easier in the near future and contemplating leaving his son-in-law to run the place here, while he and Mrs. Greening, children, will all that might be desired, take up their residence in the softer climate at the Coast.

## PENHOLD NOTES

Motion pictures the evening of Sat. August 20.

Born to Mr. and Mrs. J. Horbison, on Wednesday, August 10th, a son.

The Simpson family left for Sylvan Lake on Tuesday last.

The Wood family are expected back from the Lake on Wednesday.

Vote for Municipal Hospitals on Friday and protest the health of our people.

Miss Isabelle Harie arrived home on Saturday from her school at Schuler for her holidays.

Mr. Coote, formerly of Botha, the new A.P. elevator man, has arrived and taken charge. He expects his family soon.

Remember the luncheon tea to be held in the Memorial Hall on Saturday, August 25, from 11 a.m. to 7 p.m. Sale of home cooking and ice cream.

The following pupils successfully passed Grade 5 exams: Opal Parson, Aubrey Pye, Clifford Dean, Eva Page, Iva Read and Myles Pixley. School re-opens on August 31.

Mrs. A. ## NOTICE

TAKE NOTICE that certain lands have been sold under the Tax Recovery Act by the Village of North Red Deer on account of non-payment of taxes, and the year allowed for redemption will expire on the 30th day of October, 1921.

A complete list of such lands can be seen in the Alberta Gazette of October 31st, 1921.

If you wish to contest the legality of the sale of such lands you should immediately make application to the judge of the District Court of the judicial district within which the land is situated, for an order staying the issue of a certificate of title to the purchaser of such lands.

Dated this 10th day of August, 1921, at North Red Deer, Alta.

Aug. 17, 4w.

STRAYED—From W. Huss' place, 2 miles east of Red Deer, last week, dark red 2-year-old Jersey cow; dehorned; heavy in calf. \$5.00 reward will be paid on returning cow to my place—W. Huss, P.O. Box 850, Red Deer. Aug. 17, 4w.

FOR SALE—Pen of purebred White Wyandottes, 10 hens and a cock; all first-class birds; most of them one year old. Apply to E. R. HILL, Red Deer.

PROPERTY FOR SALE  
10 lots in North Red Deer, on which are situated 2 buildings, one 8-room house, and the other only partially completed. Apply to F. E. Stevenson, North Red Deer. Aug. 10, 2w.

WANTED—Good general servant. Duties begin Sept. 1.—Apply to Mrs. (Dr.) John Collison. Aug. 17, 2w.

## SCHOOL NOTICE

Notice is hereby given that the Red Deer Schools will reopen at 9 a.m. Thursday, September 1st.

Only children whose parents reside in the Red Deer School District, No. 104, will be admitted to the Red Deer Public Schools. Pupils from points outside the Red Deer School District may attend the Red Deer High School as formerly.

Owing to crowded conditions, it is very important that all Public School pupils present themselves on the first day of school. Pupils in Grades I, II, and III, who live South of 1st St. South, will attend at the South School. All other pupils in the District will report at Central School, from which some will be assigned to the Parish Hall School.

C. D. Locke, Principal, will be at the Board Room, Central School, from 2 to 4 p.m. on Tuesday and Wednesday, August 30th and 31st, to meet any parents who wish to consult him.

C. D. LOCKE, Principal  
R. L. GAETZ, Chairman
